May 2013

COMMUNITY VOLUNTEER SERVICE – Our Park Committee is organizing a Community Day of Service in June to get the sprinklers installed for the soccer fields over at the new park. We will be using the RAPZ Tax money to purchase the materials and with a good turnout from the area residents, we should be able to have a very successful project at a reasonably minimal cost. I will make sure that the word gets out to everyone about the date of the service project.

DUMPSTERS – Please make sure that you understand what items are acceptable and not acceptable for the Green Waste bin and the annual clean up dumpsters. Also when the materials are level with the top of the bins, don't heap any more on the pile. Logan Environmental tends to bill us extra if they have to make extra trips out here because they can't transport the dumpsters or if they find any hidden treasures in them.

Certainly no wooden fence posts, building materials, furniture or below ground stumps should ever be placed in the Green Waste bin. Also, no other trash or plastic lawn clipping bags are acceptable.

The small dumpsters by the Town Shed and Town Office are for use by those that have rented/reserved the park or building areas to dispose of any trash from their events. Also the Town itself has some garbage to dispose of from the Fire Dept, the office or the shed as well. Those dumpsters often get filled with odd things like TVs, beds, boxes and other interesting items that fill them so that they are too full for their intended use. Please do your part to not add any junk to those dumpsters (or any church/business dumpsters) without permission from the rightful administrator for those containers.

OFFICE HOURS – Our office hours should be back to the regular schedule of Monday thru Thursday of 9:00 AM – Noon. Occasionally there will be days where that is not possible and we will leave a note on the office door.

Thank you for being patient while we have had irregular hours the past few months!

ELECTION FILING PERIOD – Again the filing period for this November Municipal Election begins at 8AM on June 3rd and runs thru 5PM on June 7th. Please get with Bev for a copy of the Candidate Declaration form if you are interested in any of the three seats that are up for election this fall.

GRAVEL PIT SHOOTING PERMITS– The County Sherriff office has agreed to provide random patrols to the gravel pit area to help with some of the littering, vandalism and loitering problems that occur from time to time. Please get with myself, Bev or a member of the Town Council for a Trespass Permit to go shooting up there. Also, take home what you bring and maybe take home someone else’s target items or empty shells with you when you leave. It doesn’t take long to clean up if we all do our part rather than leave a big mess for others!

If it is muddy, please stay out of that area since a lot of clay came to the surface during the water tank construction project and it makes a real rutted mess if we drive around up there when it is soft.

Feel free to call or e-mail me with any concerns, comments, or questions regarding the above notes or other Town issues.
